

# Lobby Access by appointment.

In an effort to manage the evolving impact of COVID-19 on our communities, First Community Bank of the Heartland will limit banking center lobby access to appointments only - beginning March 19th.

Our drive-thru windows will remain OPEN normal business hours. Our branches remain fully staffed and available to serve you. Should you need to meet in-person for new accounts, loans, or safe deposit box access – please call 800.653.4301 to schedule an appointment. Please remember that you can also bank virtually anywhere, anytime with FCB through a variety of online services.

Thank you for your patience. We know these are challenging times, but we will continue to serve you.
