

# deluxe<sup>®</sup> BANKER'S DASHBOARD<sup>®</sup>

Banker's Dashboard helps executives at community & regional banks build a performance banking culture with data & insights

Up-to-date performance platform that enables optimal performance with transparency & accountability

- 9 of the best-performing community banks in 2024 are Banker's Dashboard customers<sup>1</sup>

Highlights performance insights and allows bank leadership to focus on data-driven decision-making, rather than data aggregation or entry, by automatically consolidating reporting

We help drive improvements to a bank's net interest margin (NIM)<sup>2</sup>, which measures the long-term profitability of FIs

### Net Interest Margin (NIM)

Banker's Dashboard customers typically outperform the market by 30-35 basis points over rolling 12 quarters

### OUR TOOL ALLOWS:

\*Pricing for tool is based on bank asset size.

<sup>1</sup> According to the Independent Community Bankers of America, using FDIC return-on-assets data from the past three years.

<sup>2</sup> NIM is calculated (as a %) by dividing the difference between interest income and interest expense by the average total of assets that earn interest over a given period.
